

CHARLEROI LIKELY TO GET PERMITS FOR EXTENSIONS

State Inspector H. E. Moses Makes Inspection of the Borough.

SEWERS IN GOOD SHAPE

Charleroi's System Superior to Most Other Towns of the Country.

The matter of sewer extensions, desired on a number of Charleroi streets were investigated yesterday by Howard E. Moses, assistant engineer of the State Department, and the borough engineer, B. S. Smallwood. The investigation was made in connection with the application already made by the borough for permits to make the extensions. Mr. Moses is of the opinion that the permits will be granted, inasmuch as there would be no objections entered against the project. The sewer outlets at Second street, between Fourth and Fifth streets, at Seventh street, at Eighth street and the two at Tenth street were also examined.

The streets and alleys on which it is desired to make the extensions are: First street, Second street, Shady avenue, Apple alley, Oakland alley, Woodlawn avenue, Blythe alley and Lookout avenue. On Shady avenue there are three sections where there are extensions desired; on Apple alley two sections, on Oakland avenue four sections, and on Lookout avenue two sections.

The extensions are for sanitary sewers only, the storm sewers requiring no permit from the State Department. Before the permits are granted the State engineers must approve them, then the State Health Commissioner, Dr. Samuel Dixon, the Attorney General, and the Governor.

Generally Charleroi's sewers are in good condition, owing to the fact of this borough having a double system. There is not a single town along the river and not many in the State that have as complete a system as this.

While Charleroi has the double sewer system, or storm and sanitary sewers separate, most other towns have these two combined.

The question of sewage disposal was briefly taken up by Mr. Moses, who is of the opinion that should one be erected here, it should be at the northern end of town, where most of the house sewage now goes.

RECEPTION TENDERED PRESIDENT MIKSCH

Members of Turn Verein Arrange Affair for Popular Man.

In honor of their President, W. A. Miksch, who returned from Europe this week, the Charleroi Turn Verein held a reception at the club house last night, which was attended by 250 or more people. The hall was handsomely decorated, and Mr. Miksch's portrait occupied a position of honor. An elegant supper was served by the ladies, after which Herman Heupel officiated as toastmaster.

Mr. Miksch responded to the cordial welcome accorded him, and expressed his appreciation of the efforts in his behalf. There were other speeches by those present, and music and dancing after the exercises rounded out an evening of rare pleasure.

Clark Greer Hurt in Auto Accident

Was Returning From Pittsburg with Party of Friends.

Clark Greer, who last summer pitched for the Charleroi team in the Pa. W. Va. league, with four others was hurt, when an automobile driven by Greer run into a garbage wagon, at the edge of Canonsburg borough. David McCartney, driver of the garbage wagon was perhaps fatally injured. His son and an assistant were also badly hurt. Greer sustained cuts on the head and had his nose broken. He was the owner of the automobile and was returning with a party of four from Pittsburg. Two of these were uninjured.

DANGER FROM THE WEATHER

Mines Taking Precautions to Prevent Accidents at This Time of Year.

With the sudden drop in temperature in the Pittsburgh territory this week a general order was set out from many of the coal mining companies, to heads of the operations at the mines, to watch carefully the change in the atmospheric conditions. Low temperatures cause unusual dryness in the air, and when this is met with the ventilating fans into the mines in dry state, it absorbs the natural moisture, dries out the rooms, causes the mine to become dangerously dusty, and increases the gas that comes from the coal seams.

In many of the mines, the steam exhausts from the power plants outside the mine is turned into the fan house and this moistens the air going into the mine and heats it also. The practice which was adopted some years ago by the Pittsburgh and Westmoreland Coal company and more fully developed by Supt. J. K. Johnston of the Charleroi Coal works is now extending to many mining operations, and is hanging the character of the working conditions radically during cold weather.

Famous Maurice Rivers. Have you tasted 'em? Harry has 'em, 405 McKean avenue. 8122

MANY CASES CONTINUED

Brewing Companies will Prepare for Two Actions in Court as Tests.

As a result of the hearing yesterday at Harrisburg by Deputy Attorney General Jesse E. B. Cunningham on the quo warranto proceedings instituted against 60 Western Pennsylvania brewing companies on representation of James S. Kerr that they were manufacturing and selling ice to the public or giving it away to customers in violation of charter rights, the proceedings against a number of the companies were discussed as not sustained. In the case of over 40 others the hearing was continued until January 5 but meanwhile the companies will prepare for two actions in court to make a complete test of the question agitating Western Pennsylvania brewing and ice companies for years.

At a meeting after the hearing it was decided that there were two questions which should be fought out in the courts in order to test whether the brewing companies were within their rights in disposing of ice as alleged:

First, whether brewing companies can furnish, give or sell ice beyond the point of delivery; second, whether special charters must be taken out to manufacture ice for sale. Some of the companies furnish ice only to point of delivery. Others give away what is left at delivery or sell it at a lower rate. Both are contended to be violations of charter rights in Kerr's petition.

ROSCOE COUNCIL BUTTS INTO LIMELIGHT AGAIN BUT THIS TIME DOES SOMETHING

Members Throw up the Sponge and Time is Called on the Long Protracted Scrap—Tax Levy Fixed.

Roscoe citizens will from now on be compelled to pay their taxes. The borough council after spending the greater part of a year in doing nothing, has finally organized, and is ready for business. There are two members to be appointed yet but these will be named at the next meeting. The millage for the borough has been placed at five mills the same as

last year. There is only a short time in which to pay the taxes this year. The reorganization meeting was held Monday evening, when all differences were laid aside and all entered into the spirit of the meeting. M. Collins was elected president, Joe T. S. Cowan clerk, and J. H. Underwood treasurer. Thomas Tobin was elected policeman and Noah Wick street commissioner.

WANT RECORD OF PRISONERS

Period of Detention Depends Upon Past History of Criminals.

Clerk of Courts D. L. Williams is in receipt of a letter from the Western penitentiary authorities requesting information as to the prisoners recently committed from this county. Under the recent act these prisoners were sentenced for an intermediate term, the court fixing the maximum and minimum periods.

The clerk is requested to furnish the authorities a brief record of the facts in the case for which sentences were imposed and any information he may have bearing on the past record of the prisoners.

No commutation is allowed off. A prisoner must have a good record to get out after serving the minimum period named by the court.

The law provides that for a prisoner who had twice been sentenced to the penitentiary and is committed for the third term the minimum sentence shall be 30 years.

Oysters! Oysters!

Just arrived. Famous Maurice River and Blue Points, are the only table oyster. We shuck 'em for you. Families supplied, 405 McKean avenue. 8122

Mrs. Jennie Fanner went to Pittsburg to spend the day with friends.

CHARLEROI IS BUMPED

Speers Residents Brings Up Question of Who Owns This Borough.

To the Mail: "Charleroi has in its possession something that is a disgrace to the community and against which nothing too strong can be said." This is on the authority of a Charleroi man who declares "Speers is a disgrace to the community and is owned by Charleroi." The item in Wednesday's Mail is extremely hazy from start to finish, as no one can be found who is able to tell just what the writer is driving at. The most important statement in this mysterious article is that Charleroi owns the borough of Speers. Candidly, does Charleroi really own Charleroi?

The principle street of the once Magic City is McKean avenue, and it is owned absolutely by the Pennsylvania Railroad and the Pittsburgh Railway company. Charleroi dare not lay a pavement on her main street. She dare not demand good drinking water from "her" water company. She is afraid to be against the latest steel in gas. In fact she hasn't the courage to combat any move of outside corporations who may wish to place wires, poles, tracks or gas and water pipes within the limits of "her" town. Before Charleroi reaches out for more territory she had better pull herself together and discover, if possible, if there is one little alley which she really does own. Resident of Charleroi's Speers.

HORSE AND BUGGY FOUND ON FARM RETURNED TO OWNERS

Schools Will Enjoy Holiday Next Week

Thursday and Friday will be "Off-Day" for Pupils and Teachers.

The schools here will close on next Wednesday afternoon for two days, for the Thanksgiving holiday. It is likely that the holiday vacation will be from December 20 to January 3. The county institute will be held from December 20 to the 24th inclusive, the final session to be Friday afternoon.

While the institute program has not been announced as yet, Dr. Armstrong of the West Virginia University and Dr. Earl Bares of Philadelphia, one of the University Extension course lecturers, will be among the speakers.

STATE AID IS NEEDED

Borough Will be Notified Soon to Stop Discharging Sewage in River.

Last summer the Mail called attention to the fact that Charleroi would soon be up against a sewage disposal plant proposition. The Mail was the first paper along the river to call attention to this subject, and was criticized in some quarters for "agitating a crazy project." The Mail's statement was based upon the general activity of the State health inspectors of the Health Department, some of whom intimated at the time that an edict would shortly be issued forbidding towns to discharge sewage into any of the rivers or streams. This was in accordance with an act of Assembly of which few people were aware of its existence.

Subsequent events have shown that the Mail's prediction was not so crazy as it appeared. Although notice has not yet been served upon Charleroi to cease discharging sewage into the river, two of our neighboring towns have received such notice. Notice has been served on Monessen that the permit to discharge sewage into the waters of the State shall cease November 1, 1910, and Donora has been notified to prepare and submit plans for a sewage disposal plant before the first of July, 1910.

It is expected that both Charleroi and North Charleroi was well as Belle Vernon and all the other towns along the river will be served with similar notices shortly. As previously stated it has been suggested that some of the neighboring town act in conjunction in the erection of a sewage disposal plant. This was merely mentioned by some of the State Health officials, who have made a preliminary inspection of conditions along this section of the river.

No steps have yet been taken by the authorities of any for the towns, but it is suggested that the councils of all the towns interested appoint committees to investigate and get information. The Mail's suggestion that an agitation be started State aid in this gigantic project and that pressure be brought to bear on the various Assemblymen and Senators to support.

(Continued on fourth page.)

Was Stolen by Daring Young Thieves on Wednesday Evening.

CALCULATIONS ALL UPSET

Apparently Men Had Hitched Animal to Fence Expecting to Return for it Later.

Walter McGuire, of the firm of Johnston and McGuire, conducting the Star meat market on High street, South Brownsville, was in Charleroi this morning and claimed the horse which had been found tied to the fence at the home of Frank Sutherland in Fallowfield township on Thursday morning. Mr. McGuire said the horse had been driven off by two young fellows who were thought to be horse thieves.

Chief of Police Albright went with Mr. McGuire to the Sutherland farm, where the horse and buggy was identified. Then Mr. McGuire drove the animal home. He said that on Wednesday evening at about 7 o'clock the horse was hitched in front of the meat market, when the young fellows approached and unhitched the animal jumped in the buggy and rode off at a fast pace. As it was dark, the direction in which they went could not be ascertained, and while a hunt was instituted the get-away had been sure, and no trace of the daring young purloiners of the horse could be found. Yesterday when it was made public through the medium of the Mail that a horse and buggy had been found on the farm of Frank Sutherland, some service was rendered that the animal was driven to that place, and throwing a blanket over the animal went off some where expecting to return. Their designs were frustrated by Mr. Sutherland, however, who arose at an early hour, and found the horse. It is supposed that the young fellows, of whom a correct description cannot be had, are members of a gang of horse thieves, said to have been working in this section for some time.

MAY TAKE OVER A BIG COAL COMBINE

Report That Steel Corporation will Absorb the Pittsburg Coal Company.

After a two days' conference with heads of subsidiary companies in Cleveland, President W. E. Corey of the United States Steel corporation left last evening for New York. Though the matters under discussion were kept secret it becomes known that the most important subject was the proposed purchase by the Steel corporation of the Pittsburg Coal company.

That this large concern will be under control of the Steel corporation before long was intimated there yesterday by a man who had been at the conferences just closed. By the purchase of this coal company the corporation would have absolute control of the Great Lakes coal trade.

Plans were also discussed for improvement in the plants in and about Cleveland that will mean an expenditure of several million dollars.

BRIGHT SHINING SILVERWARE

ready now to choose for the Thanksgiving Dinner table.

The silverware we're showing represents the highest form of the silversmiths' art and some very rare values are presented.

In addition to a complete line of both solid and heavily plated knives, forks and spoons, we have several beautiful tea services at \$10 to \$75. Both plain and chased designs are here—anyone of which will give you satisfaction for a life time. Call and look at our display. How about today?

State Should Help.

The suggestion that Charleroi, Monessen, Belle Vernon and Donora unite in the construction of a sewage disposal plant whenever the State decrees that the refuse cannot any longer be run into the river is a good one. The councils or civic bodies of these towns should take the matter up at once and begin investigation toward that end. First of all it is necessary to find out: What is required; how can it be installed; what will it cost?

Presumably this information can only be supplied through surveys and calculations of expert sanitary and civil engineers. That being the case, it is clearly the duty of the State to provide this information. The State Board of Health seeks to prevent the pollution of streams in the interest of public health, and has a law enacted forbidding the running of sewage into the streams, but has provided no remedy. This is a matter that demands the aid and co-operation of the State as a whole. An engineering department should be installed to devise ways and means for improving sanitary and hygienic conditions. It is too much to require the municipalities to take care of whole watersheds and basins, which require costly and expert engineering. This is a matter that the river towns should impress upon their Assemblymen before the next session of the Legislature.

Obey The Laws.

The visit of the Deputy State Factory Inspector here this week serves to call attention to the public that the Commonwealth is making an effort to enforce the laws designed to protect the public from ignorance, accident and disaster. The laws are enacted for the benefit of all, and their violation cannot be permitted on the grounds that their enforcement entails individual hardship. Those who look into the duties of the factory inspectors will readily learn that the State guards and protects its people to an extent not generally known or appreciated.

While this protection is general and cannot be discriminating, it is nevertheless far reaching and beneficent. The school attendance of children is compulsory; their hours of labor are restricted, and they must be able to read and speak the English language before they can be regularly employed at a tender age. The employment of women is regulated, and provisions required for their comfort and convenience. The safety of the public is guarded by regulating public meeting places, office buildings, fire escapes and sanitary conveniences. These and many other requirements add materially to the public safety and welfare, and when account is taken of all these measures it will be seen that the Commonwealth is not so negligent of its wards as many people suppose.

Take It In Time.

Minors who are employed in the factories here on employment certificates should remember that they must pass an examination before the school superintendent in order to renew their certificates by the first of next year. This is accordance with the new act passed at the last session of the Legislature. Unless these certificates are renewed minors cannot work, and this might entail hardship in many instances where the earnings of the children must help out the family income.

It is possible that the management of the factories are already taking steps to notify their minor employees of this new requirement. If so this will expedite matters. It is estimated that over three hundred minors are at work in the factories here who will require new certificates. As these must be examined by the school superintendent as to whether they can read and write the English language,

it will be seen that this is no small task in addition to that official's regular duties. Therefore in the interests of all concerned the examinations should commence at once.

ELECTRIC SPARKS

If men do get to wearing knee trousers, the nicest assortment of spavined, ringboned specimens of limbs you ever dreamed of would be put on display. However, if the women wear knee dresses, there would be plenty of nice sights to offset the deleterious effect caused by the male specimens.

Signora Paladino, the noted Italian medium, who has lately entered New York has gained quite a reputation by making tables float in the air, and accomplishes other spiritualistic phenomena. How nice it would be if she could induce spirits to stoke the furnace and do the work at house cleaning time.

If Brownsville gets a hospital it will be so tickled that it might slip its fifth rib and slide into the river. A roaring in the head may be caused by allowing too much air to get in the gas mixer of a gas stove.

A swain wrote to his best beloved, "If I could go to the North Pole, break off a piece and dip it into the crater of Vesuvius and write in words of fire upon the sky I could feebly express my love for you." We would have you distinctly understand, sir, that the North Pole will not burn. It's ice.

SUNDAY SERVICES AT THE CHURCHES

Baptist.

Sunday school 9:45 a. m. Morning and evening worship at 11 and 7:30. Topic, "Do all for the Glory of God." Evening, "Why a Thanksgiving Service?" The Union Thanksgiving services in the Baptist church on Thursday evening at 7:30. Rev. J. T. Hackett delivers the sermon. All are cordially invited. Pastor, J. W. Palmer.

Colored Baptist.

The colored Baptists of Charleroi and vicinity will hold special services at Mountier Hall, 318 McKean avenue. Preaching 11 a. m. and 7:30 p. m. Everybody invited to be present at these services. Don't forget the date. Sunday, November 21. Don't forget the time 11 a. m. and 7:30 p. m.

Methodist.

Sunday school at 9:30 a. m. Church service at 10:45. Sermon topic, "The Kingdom of Heaven." Junior league at 2 p. m. Men's league at 3. Epworth league 6:30. Evening church service at 7:30. Sermon topic, "Elijah the Man of God."

Bible school at 9:45 a. m. Preaching service at 11 a. m. and 7:30 p. m. Junior Endeavor at 2:30 p. m. Senior Endeavor at 6:30 p. m. Subject of morning sermon, "Choosing the Better Part." Evening subject, "The Modern Judas." A cordial invitation is extended to all. Rev. G. G. Kerr, pastor.

Christian.

Bible school session 9:45 a. m. Junior C. E. 2:30 p. m. Y. P. S. C. E., at 6:30 p. m. Preaching services 11 a. m. and 7:30 p. m. The sermon themes will be morning, "The Widow's Mite," evening, "Cain's Wife." A cordial welcome is extended all without a church home or strangers within our city.

Lutheran.

Sixth street and Washington avenue. Sunday school at 9:45 a. m. Divine worship at 11 a. m. with sermon by the pastor. Luther League at 6:30 p. m. Subject, "Our National Thanksgiving." Leader, Miss Elsie Bromwich. Evening service with sermon at 7:30 p. m. A cordial welcome to the public. Rev. C. E. Frontz, pastor.

St. Mary's Episcopal.

Sixth street and Lookout avenue. Early celebration of the holy communion at 8 a. m. Sunday school and Bible classes at 9:45 a. m. Morning prayer and sermon at 11 a. m. Subject, "The Identity of Religion With Goodness and With a Good Life." Evening prayer and sermon at 7:30 p. m. Subject, "Self Denial." Seats free. All are cordially welcome. Rev. L. W. Shep, rector.

DON'T EXPERIMENT

You Will Make no Mistake if You Follow This Advice

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in this vicinity.

Can Charleroi residents demand further proof than that contained in the following testimonial?

Mrs. H. M. Cooper, 153 Jefferson Ave., Washington, Pa., says: "I suffered severely from all the symptoms that usually accompany disorders of the kidneys. I think the direct cause of my complaint was bending over at my work so much. I used many remedies but obtained no benefit until I learned of Doan's Kidney Pills and procured a box. I received prompt relief from their use. I consider Doan's Kidney Pills a most reliable remedy and strongly recommend them to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

West Pike Run.

BERRYMAN'S

Where People Get Most of Their Good Things

THANKSGIVING WEEK

As Easter ushers in the Spring season so also does Thanksgiving usher in the Winter season.

The spirit of Thanksgiving not only inspires us with thankfulness for past favors but also a desire to provide home and person with those warm comfortable things needed for protection against the cold blasts of winter.

For Thanksgiving week we are making a number of special offerings which should be an inducement for you to come to our store. We are too busy to spend much time writing ads., but below we mention just a few things; an inkling of what we are doing in our busy store.

LADIES' SUITS for WINTER

We have just received a lot of Ladies' Serge Suits which have been delayed in delivery. Coats are 40 inches long, beautifully made and finished, come in blue, gray and green. Should bring \$25, for only **\$18.50**

TABLE LINENS

Our stock of Table Linens is always full at this time of year but we have an especially complete line this year. Table Cloths, Napkins, Separate Table Cloths with Napkins to match, in fact anything and everything that you may need, and the prices we quote you for Thanksgiving week should bring you to our store even tho your linen closet may be well stocked.

Our Special—Our regular \$1.25 table linen, 2 yard wide, for only **98**

J. W. Berryman & Son, Charleroi

Friday and Saturday MEN'S SHOES

THE MAN, who is ready to buy his Winter Shoes, will find it well worth his while to come here and examine the handsome new and worthy models we are now showing for Fall and Winter wear.

Here are shapes and leathers to meet the requirements of men of all tastes, and for use on all occasions.

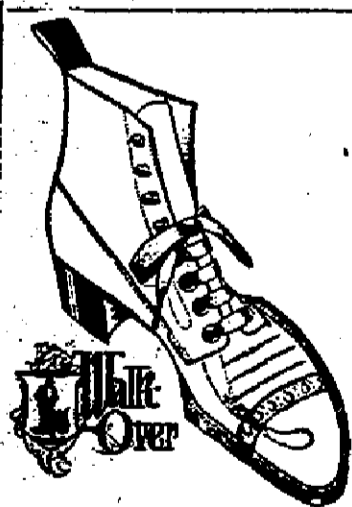

The fine Dress Shoes are here, the usual Business Styles are here and there are, in addition, many special styles.

Shoes at \$2.50, \$3, \$3.50, \$4 to \$6

Prices stand for nothing, however, until you see the Shoes.

Any Shoe Store Can Quote Prices!

The Shoe Talks!

There are no better Shoes manufactured than the sort we sell. Its the best, or none here! Come, see how well we can fill your every shoe requirement.

Specials for Friday and Saturday

100 pair MEN'S STETSON SHOES in Box Calf and Tan, Blucher, all sizes, regular \$6.00 Shoes, while they last, will be closed out for only **\$4.00**

LOCAL NOTES

Brief Mention of People and Events in this Community.

Mr. and Mrs. George Kerr of Urbana, Ohio, are here visiting Mr. Kerr's sister, Mrs. Allie Emrich of Fallowfield avenue.

The Ladies of the Christian church are making extensive preparations to hold a rummage sale Friday and Saturday, December 3 and 4.

The Soanes family of musicians, which is said to have the youngest director in the world, is appearing this week at the Star, and is proving a big drawing card.

Mrs. S. R. Collins and son are spending the day in Pittsburgh.

James Gelder and son are Pittsburgh visitors today.

R. G. Smith left today for Dickerson Run, where he will remain for some time.

Mrs. Charles Hazlett and son returned last evening from Connelville where they spent two weeks with the former's parents.

STATE AID IS NEEDED

(Continued from First Page).

port such a measure, meets with some favor. Practical men who have discussed the situation are of the opinion that such a system should be uniform and constructed under the supervision of State engineers, after the nature of our State roads. It is pointed out that a sewerage system, in order to keep the river clear of pollution, should be continuous, so that connections could be made between the towns.

Unless the citizens and taxpayers get busy on this project and work for State aid, each town will in all probability have to construct its own sewerage disposal plant at an enormous cost. It is stated that the one at Washington cost in the neighborhood of \$108,000 and is not altogether satisfactory. This is a matter that will have to be met and disposed of in the near future.

HIGH SCHOOL BOYS IN FOOTBALL GAME

The class game between the Freshmen and Senior teams was played Thursday. The Freshmen won by the score of 16 to 0. The features of the game was the playing of Primas, Crabb, Michiner, Nickelson. J. Wagner starred at tackling. Score:

THE CHARLEROI MAIL

Entered second class mail at Charleroi, June 10, 1900, according to Act of Congress of March 3, 1879.

VOL. X. NO. 81.

CHARLEROI, WASHINGTON CO., PA., SATURDAY, NOVEMBER 20, 1909.

One Cent

CHARLEROI LIKELY TO GET PERMITS FOR EXTENSIONS

State Inspector H. E. Moses Makes Inspection of the Borough.

SEWERS IN GOOD SHAPE

Charleroi's System Superior to Most Other Towns of the Country.

The matter of sewer extensions, desired on a number of Charleroi streets were investigated yesterday by Howard E. Moses, assistant engineer of the State Department, and the borough engineer, B. S. Smallwood. The investigation was made in connection with the application already made by the borough for permits to make the extensions. Mr. Moses is of the opinion that the permits will be granted, inasmuch as there would be no objections entered against the project. The sewer outlets at Second street, between Fourth and Fifth streets, at Seventh street, at Eighth street and the two at Tenth street were also examined.

The streets and alleys on which it is desired to make the extensions are: First street, Second street, Shady avenue, Apple alley, Oakland alley, Woodlawn avenue, Blythe alley and Lookout avenue. On Shady avenue there are three sections where there are extensions desired; on Apple alley two sections, on Oakland avenue four sections; and on Lookout avenue two sections.

The extensions are for sanitary sewers only, the storm sewers requiring no permit from the State Department of Health to allow a borough to lay them. Before the permits are granted the State engineers must approve them, then the State Health Commissioner, Dr. Samuel Dixon, the Attorney General, and the Governor. Generally Charleroi's sewers are in good condition, owing to the fact of this borough having a double system. There is not a single town along the river and not many in the State that have as complete a system as this.

While Charleroi has the double sewer system, or storm and sanitary sewers separate, most other towns have these two combined.

The question of sewage disposal was briefly taken up by Mr. Moses, who is of the opinion that should one be erected here, it should be at the northern end of town, where most of the house sewage now goes.

RECEPTION TENDERED PRESIDENT MIKSCH

Members of Turn Verein Arrange Affair for Popular Man.

In honor of their President, W. A. Miksch, who returned from Europe this week, the Charleroi Turn Verein held a reception at the club house last night, which was attended by 250 or more people. The hall was handsomely decorated, and Mr. Miksch's portrait occupied a position of honor. An elegant supper was served by the ladies, after which Herman Heipel officiated as toastmaster.

Mr. Miksch responded to the cordial welcome accorded him, and expressed his appreciation of the efforts in his behalf. There were other speeches by those present, and music and dancing after the exercises rounded out an evening of rare pleasure.

MANY CASES CONTINUED

Brewing Companies will Prepare for Two Actions in Court as Tests.

As a result of the hearing yesterday at Harrisburg by Deputy Attorney General Jesse E. B. Cunningham on the quo warranto proceedings instituted against 60 Western Pennsylvania brewing companies on representation of James S. Kerr that they were manufacturing and selling ice to the public or giving it away to customers in violation of charter rights, the proceedings against a number of the companies were discussed as not sustained. In the case of over 40 others the hearing was continued until January 5 but meanwhile the companies will prepare for two actions in court to make a complete test of the question agitating Western Pennsylvania brewing and ice companies for years.

At a meeting after the hearing it was decided that there were two questions which should be fought out in the courts in order to test whether the brewing companies were within their rights in disposing of ice as alleged:

First, whether brewing companies can furnish, give or sell ice beyond the point of delivery; second, whether special charters must be taken out to manufacture ice for sale. Some of the companies furnish ice only to point of delivery. Others give away what is left at delivery or sell it at a lower rate. Both are contended to be violations of charter rights in Kerr's petition.

ROSCOE COUNCIL BUTTS INTO LIMELIGHT AGAIN BUT THIS TIME DOES SOMETHING

Members Throw up the Sponge and Time is Called on the Long Protracted Scrap-- Tax Levy Fixed.

Roscoe citizens will from now on be compelled to pay their taxes. The borough council after spending the greater part of a year in doing nothing, has finally organized, and is ready for business. There are two members to be appointed yet but these will be named at the next meeting.

The millage for the borough has been placed at five mills the same as

CHARLEROI IS BUMPED

Speers Residents Brings Up Question of Who Owns This Borough.

To the Mail: "Charleroi has in its possession something that is a disgrace to the community and against which nothing too strong can be said." This is on the authority of a Charleroi man, who declares "Speers is a disgrace to the community and is owned by Charleroi." The item in Wednesday's Mail is extremely hazy from start to finish, as no one can be found who is able to tell just what the writer is driving at. The most important statement in this mysterious article is that Charleroi owns the borough of Speers. Candidly, does Charleroi really own Charleroi?

The principle street of the once Magic City is McKean avenue, and it is owned absolutely by the Pennsylvania Railroad and the Pittsburgh Railways company. Charleroi dare not lay a pavement on her main street. She dare not demand good drinking water from "her" water company. She is afraid to be against the latest steel in gas. In fact she hasn't the courage to combat any move of outside corporations who may wish to place wires, poles, tracks or gas and water pipes within the limits of "our" town. Before Charleroi reaches out for more territory she had better pull herself together and discover, if possible, if there is one little alley which she really does own.

Resident of Charleroi's Speers.

HORSE AND BUGGY FOUND ON FARM RETURNED TO OWNERS

Schools Will Enjoy Holiday Next Week

Thursday and Friday will be "Off-Day" for Pupils and Teachers.

The schools here will close on next Wednesday afternoon for two days, for the Thanksgiving holiday. It is likely that the holiday vacation will be from December 20 to January 3. The county institute will be held from December 20 to the 24th inclusive, the final session to be Friday afternoon.

While the institute program has not been announced as yet, Dr. Armstrong of the West Virginia University and Dr. Earl Bares of Philadelphia, one of the University Extension course lecturers, will be among the speakers.

STATE AID IS NEEDED

Borough Will be Notified Soon to Stop Discharging Sewage in River.

Last summer the Mail called attention to the fact that Charleroi would soon be up against a sewage disposal plant proposition. The Mail was the first paper along the river to call attention to this subject, and was criticized in some quarters for "agitating a crazy project." The Mail's statement was based upon the "general" activity of the State health inspectors of the Health Department, some of whom intimated at the time that an edict would shortly be issued forbidding towns to discharge sewage into any of the rivers or streams. This was in accordance with an act of Assembly of which few people were aware of its existence.

Subsequent events have shown that the Mail's prediction was not so crazy as it appeared. Although notice has not yet been served upon Charleroi to cease discharging sewage into the river, two of our neighboring towns have received such notice. Notice has been served on Monessen that the permit to discharge sewage into the waters of the State shall cease November 1, 1910, and Donora has been notified to prepare and submit plans for a sewage disposal plant before the first of July, 1910.

It is expected that both Charleroi and North Charleroi as well as Belle Vernon and all the other towns along the river will be served with similar notices shortly. As previously stated it has been suggested that some of the neighboring towns act in conjunction in the erection of a sewage disposal plant. This was merely mentioned by some of the State Health officials, who have made a preliminary inspection of conditions along this section of the river.

No steps have yet been taken by the authorities of any for the towns, but it is suggested that the councils of all the towns interested appoint committees to investigate and get information. The Mail's suggestion that an agitation be started State aid in this gigantic project and that pressure be brought to bear on the various Assemblymen and Senators to support it.

(Continued on fourth page.)

Was Stolen by Daring Young Thieves on Wednesday Evening.

CALCULATIONS ALL UPSET

Apparently Men Had Hitched Animal to Fence Expecting to Return for it Later.

Walter McGuire, of the firm of Johnston and McGuire, conducting the Star meat market on High street, South Brownsville, was in Charleroi this morning and claimed the horse which had been found tied to the fence at the home of Frank Sutherland in Fallowfield township on Thursday morning. Mr. McGuire said the horse had been driven off by two young fellows who were thought to be horse thieves.

Chief of Police Albright went with Mr. McGuire to the Sutherland farm, where the horse and buggy was identified. Then Mr. McGuire drove the animal home. He said that on Wednesday evening at about 7 o'clock the horse was hitched in front of the meat market, when the young fellows approached and unbitching the animal jumped in the buggy and rode off at a fast pace. As it was dark, the direction in which they went could not be ascertained, and while a hunt was instituted the get-away had been sure, and no trace of the daring young purloiners of the horse could be found. Yesterday when it was made public through the medium of the Mail that a horse and buggy had been found on the farm of Frank Sutherland, it was at once surmised that this was the case. Apparently the young fellows had driven to that place, and throwing a blanket over the animal went off some where expecting to return. Their designs were frustrated by Mr. Sutherland, however, who arose at an early hour, and found the horse. It is supposed that the young fellows, of whom a correct description cannot be had, are members of a gang of horse thieves, said to have been working in this section for some time.

MAY TAKE OVER A BIG COAL COMBINE

Report That Steel Corporation will Absorb the Pittsburgh Coal Company.

After a two days' conference with heads of subsidiary companies in Cleveland, President W. E. Corey of the United States Steel corporation left last evening for New York. Though the matters under discussion were kept secret it becomes known that the most important subject was the proposed purchase by the Steel corporation of the Pittsburgh Coal company.

That this large concern will be under control of the Steel corporation before long was intimated there yesterday by a man who had been at the conference just closed. By the purchase of this coal company the corporation would have absolute control of the Great Lakes coal trade.

Plans were also discussed for improvement in the plants in and about Cleveland that will mean an expenditure of several million dollars.

WANT RECORD OF PRISONERS

Period of Detention Depends Upon Past History of Criminals.

Clerk of Courts D. L. Williams is in receipt of a letter from the Western penitentiary authorities requesting information as to the prisoners recently committed from this county. Under the recent act these prisoners were sentenced for an intermediate term, the court fixing the maximum and minimum periods.

The clerk is requested to furnish the authorities a brief record of the facts in the case for which sentences were imposed and any information he may have bearing on the past record of the prisoners.

No commutation is allowed off. A prisoner must have a good record to get out after serving the minimum period named by the court.

The law provides that for a prisoner who had twice been sentenced to the penitentiary and is committed for the third term the minimum sentence shall be 30 years.

BAN ON CHEWING TOBACCO IN CLASS

Chemistry Instructor at W. and J. Will Not Have It.

That the chewing nuisance will have to be abated in chemistry and laboratory classes is the edict of Prof. Wells of Washington and Jefferson college at Washington. In the laboratory there has been more or less tobacco chewing going on and at the lectures, since there is no place to expectorate, chewing gum has been substituted.

Prof. Wells declared that it was a rule of the college that the use of tobacco be prohibited in the buildings and that the laboratory class was no exception to this rule.

"Chewing gum is all right at times," he said. "The use of chewing gum is beneficial in athletics but it has never been known to help brain work."

Clark Greer Hurt in Auto Accident

Was Returning From Pittsburg with Party of Friends.

Clark Greer, who last summer pitched for the Charleroi team in the Pa. W. Va. league, with four others was hurt, when an automobile driven by Greer run into a garbage wagon, at the edge of Canonsburg borough. David McCartney, driver of the garbage wagon was perhaps fatally injured. His son and an assistant were also badly hurt. Greer sustained cuts on the head and had his nose broken. He was the owner of the automobile and was returning with a party of four from Pittsburg. Two of these were uninjured.

DANGER FROM THE WEATHER

Mines Taking Precautions to Prevent Accidents at This Time of Year.

With the sudden drop in temperature in the Pittsburgh territory this week a general order was set out from many of the coal mining companies, to heads of the operations at the mines, to watch carefully the change in the atmospheric conditions. Low temperatures cause unusual dryness in the air and when this is forced through the ventilating fans into the mines in dry state, it absorbs the natural moisture, dries out the rooms, causes the mine to become dangerously dusty, and increases the gas that comes from the coal seams.

In many of the mines, the steam exhausts from the power plants outside the mine is turned into the fan house and this moistens the air going into the mine and heats it also. The practice which was adopted some years ago by the Pittsburgh and Westmoreland Coal company and more fully developed by Supt. J. K. Johnston of the Charleroi Coal works is now extending to many mining operations and is changing the character of the working conditions radically during cold weather.

BERRYMAN'S

Where People Get Most of Their Good Things

THANKSGIVING WEEK

As Easter ushers in the Spring season so also does Thanksgiving usher in the Winter season.

The spirit of Thanksgiving not only inspires us with thankfulness for past favors but also a desire to provide home and person with those warm comfortable things needed for protection against the cold blasts of winter.

For Thanksgiving week we are making a number of special offerings which should be an inducement for you to come to our store. We are too busy to spend much time writing ads., but below we mention just a few things; an inkling of what we are doing in our busy store.

LADIES' SUITS for WINTER

We have just received a lot of Ladies' Serge Suits which have been delayed in delivery. Coats are 40 inches long, beautifully made and finished, come in blue, grey and green. Should bring \$25, for only **\$18.50**

TABLE LINENS

Our stock of Table Linens is always full at this time of year but we have an especially complete line this year. Table Cloths, Napkins, Separate Table Cloths with Napkins to match, in fact anything and everything that you may need, and the prices we quote you for Thanksgiving week should bring you to our store even tho your linen closet may be well stocked.

Our Special—Our regular \$1.25 table linen, 2 yard wide, for only **98**

LOCAL NOTES

Brief Mention of People and Events in this Community.

Mr. and Mrs. George Kerr of Urbana, Ohio, are here visiting Mrs. Kerr's sister, Mrs. Allie Emrich of Fallowfield avenue.

The Ladies of the Christian church are making extensive preparations to hold a rummage sale Friday and Saturday, December 3 and 4.

The Soanes family of musicians, which is said to have the youngest director in the world, is appearing this week at the Star, and is proving a big drawing card.

Mrs. S. R. Collins and son are spending the day in Pittsburgh.

James Gelder and son are Pittsburgh visitors today.

R. G. Smith left today for Dickerson Run, where he will remain for some time.

Mrs. Charles Hazlett and son returned last evening from Connellsville where they spent two weeks with the former's parents.

STATE AID IS NEEDED

(Continued from First Page).

port such a measure, meets with some favor. Practical men who have discussed the situation are of the opinion that such a system should be uniform and constructed under the supervision of State engineers, after the nature of our State roads. It is pointed out that a sewerage system, in order to keep the river clear of pollution, should be continuous, so that connections could be made between the towns.

Unless the citizens and taxpayers get busy on this project and work for State aid, each town will in all probability have to construct its own sewage disposal plant at an enormous cost. It is stated that the one at Washington cost in the neighborhood of \$108,000 and is not altogether satisfactory. This is a matter that will have to be met and disposed of in the near future.

HIGH SCHOOL BOYS IN FOOTBALL GAME

The class game between the Freshmen and Senior teams was played Thursday. The Freshmen won by the score of 16 to 0. The features of the game was the playing of Primas, Crabb, Michiner, Nickelson, J. Wagner starred at tackling. Score:

Madame Josephine Le Fevre
420 Chestnut St., Philadelphia, Pa.

Piper Bros. are pleased to announce to their customers that they have secured the agency for ZEMO, the best known remedy for the positive and permanent cure of Eczema, Pimples, Dandruff, Blackheads, Itch and every form of Skin or Scalp disease. Zemo gives instant relief and cures by destroying the germ that causes the disease, leaving a clean, healthy skin. See display and photos of cures made by Zemo at Piper Bros. Drug Store, 5th and Fallowfield Ave. Ask for sample.

A Blow in the Back—An overcoat is a necessary nuisance and the tendency to take it off on warmish days in late autumn and winter is as strong as it is unwise. A treacherous wind hits you in the back and the next morning you have lumbago. Rub well and often with Perry Davis' Painkiller and you will be astonished to find how rapidly all overcoats are banished.

DANCING

Every Friday Evening throughout the Season, Bank Hall, Charleroi. Sponsors Friday Night Club. Music by Jenkins' Orchestra.

SENATOR GAYLORD'S LECTURE ONE OF POWER

Not a Large Crowd Present to Hear Him—Socialist Doctrine Discussed.

The lecture of Senator Gaylord of Wisconsin at School Hall last night, on "Socialists in Action," was not well attended, only the Socialists and a few other citizens of Charleroi being in attendance. The lecture was good however, and while it was purely along Socialist lines, showed the power of Senator Gaylord as a speaker.

J. H. Frye and son Lawrence are in Pittsburgh today attending a Masonic meeting.

Guy W. Reed of Titusville, former owner of the Reed Hotel here, is in town visiting friends.
